

# SCIENCE FOR HUMANITY

## [ An invitation to join the VinFuture Prize with your Nominations ]

Greetings from the VinFuture Prize!

The VinFuture Prize is established to honor breakthrough scientific research and technological innovations that create meaningful change in the everyday lives of millions of people. It aims to recognize exceptional inventors and researchers from global academic universities, research laboratories, and the industry.

To qualify for the VinFuture Prize, proposed innovations and solutions are required to meet the [nomination criteria](#) and be nominated by reputable organizations or individuals within the global science and technology community. The nominations are rigorously assessed during the pre-screening and selection stages by the [Pre-Screening Committee](#) and the [Prize Council](#), respectively.

The VinFuture Prize consists of four prize categories: the **Grand Prize** (US\$3 million) and **three Special Prizes** for Women Innovators, Innovators from Developing Countries, and Innovators with Outstanding Achievements in Emerging Fields (worth US\$500,000 each). Please note that:

- ❖ For the Grand Prize, nominations should demonstrate a **proven** impact while **for the three Special Prizes, the impact could be potential**, i.e., manifesting within a few years.
- ❖ In addition to the VinFuture Prize, nominations may also be considered for academic and entrepreneurial partnership opportunities, furthering our mission of “Science for Humanity” by transforming scientific discovery into practical solutions.

**If you would like to be a Nominee for the VinFuture Prize**, please have your invention nominated by a recognized researcher or leader in science and technology. Self-nominations are unacceptable.

**If you would like to contribute as a Nominator**, we would be grateful for your kind nomination submission for outstanding nominees or groups of nominees in science, engineering, technology, or multi-disciplinary approaches to the four prizes, using our nomination portal <https://online.vinfutureprize.org/nomination>. Please note that nominations are accepted year-round, and a nominator can nominate more than one nomination for all categories.

Please visit the VinFuture Prize’s website for the nomination deadline for this season and kindly contact us at [secretariat@vinfutureprize.org](mailto:secretariat@vinfutureprize.org) for nomination and partnership opportunities.

Sincerely,

### The VinFuture Prize Management & Secretariat
